WOMEN JUSTIFIED

MRS. MATTISON B. JONES RECITES SPLENDID RECORD IN PREVIOUS LOAN DRIVES

To the Glendale Evening News:

The Woman's Liberty Loan Committee Report, issued by the Treasury Department at Washington, D. C., states that in the first Liberty Loan Drive seven out of ten bonds in California were taken by women. The women's subscriptions alone amounted to over one million dollars.

In Tennessee, in the second drive, under the chairmanship of Mrs. Dudley, $2,650,000 was credited to bonds bought by women.

In Pennsylvania, under Mrs. J. O. Miller, State Chairman, a total subscription of twenty-nine millions was secured through the efforts of women with a total expenditure of only $50. This is a splendid example of volunteer work and of women's ability to organize.

This national Women's Liberty Loan Committee is headed by Mrs. McAdoo, and all women state chairmen under her are federal appointees as are all city and county chairmen. Women who read the report of the last Liberty Loan drives can not but be proud of the record. They were so successful it is said that Secretary McAdoo refused the plea of the men that the third drive should be a single organization of both men and women. Women should subscribe as far as possible through the women's committee. Evidently our government thinks women's work is worth while or Mr. McAdoo would not have asked for a second organization of women as well as men for this special work. Clearly he believes in competition.

California women, having the ballot, are being watched by the eastern and southern states and will be expected to show strong team work in women's organizations. Let us take pride in being officially recognized in Washington and since our government wishes to know how women are working and subscribing, let us follow our directions, sell our bonds, get our reports in for Glendale and help California to go over the top.

MRS. MATTISON B. JONES,
Chairman of Glendale's Women's Liberty Loan Committee.

CAMPAIGN IS OPEN

ADVANCE SUBSCRIPTIONS MAKE CHAIRMEN HOPEFUL OF RESULTS

R. H. Moulton, Executive Chairman of the Southern California State Central Liberty Loan Campaign Committee makes the following statement today.

Complete trips to every county have just been completed and everything is in readiness. The one aim which is dear to the heart of every real American is to do his share to help the country and to win the war for democracy. The city allotment is $23,000,000 and the country is $38,000,000 and our County and City Chairmen in the various communities are enthusiastic about the advance subscriptions and believe that Southern California will go over the top in record time.

Although the loan is for Three Billion Dollars, it is the opinion of all financial experts that the United States will need at once Five Billions and will so announce before the loan is well under way. This means that we must do more than meet our quota; that we must be prepared to go over the Five Billion mark.

FURLOUGH HOMES

Furlough Homes for our boys in France, as has been explained in an article by our district president, Mrs. Mattison B. Jones, are being established to provide a wholesome, home-like environment for our boys serving abroad when on furlough. The English and French soldiers have their own homes to go to. Our boys are too far from home to return. So the federated women's clubs of the United States have undertaken as their great objective, to finance these homes. Each member is expected to contribute $1 to this worthy move ment. Even if we are not able to do quite this well, let us do the best we can. We are given until April 14th to raise our allotment. The chairmen of committees and sections have been requested to canvass their members for subscriptions. Those who do not belong to club committees or sections will please report to me, Mrs. W. F. Nash, at the meeting of the Tuesday Afternoon Club Tuesday this week, which will be an open meeting to which all women of the city are invited, regardless of their particular club affiliations. Let us make a good showing.

MRS. W. F. NASH,
Chairman Glendale's Furlough Committee, Tel. Sunset Gl. 91, Home Red 138.

GIVEN HIGH OFFICE

PASTOR ANDROSS MADE VICE-PRESIDENT OF WORLD CONFERENCE OF ADVENTISTS

SAN FRANCISCO, Cal., April 8.—Pastor Elmer E. Andross, of Glendale, Cal., president of the Pacific Union Conference of the Seventh-day Adventists, has just been elected by the delegates of the World Conference, now assembled in the Exposition Auditorium here, to serve for the next four years as vice-president of the world organization, in charge of the North American field. This position is similar to that of an archbishop, the work throughout the entire continent being under his supervision.

Pastor E. E. Andross, president of the Pacific Union Conference of Seventh-day Adventists, and Vice-President of the World Conference.

Vice-President Andross, before he became president of the Pacific Union field, including in its scope the states

(Continued on Page 2)

"JUNIOR" WORKERS

The Book Committee, composed of members of the Junior Red Cross, was at work Friday afternoon at the Red Cross Shop, 318 Brand boulevard, under the direction of Miss Margaret Sharpe. Sarah Chandler is chairman of this Junior committee and Darrow Weed vice-chairman. Other members of the committee, which is growing from day to day, are Alice Todd, Bertha Brown, Della Todd, Harold Betz, Frances Betz, Dorothy Potter, Varene Peet, Robert Frazee, Margery Yarick, Margaret Frazee. Saturday afternoon some of the members of the committee will be at the Shop to help with the magazines.

A garden committee has been organized in the Sixth Grade of the Columbus avenue school, which has undertaken to look after the school gardens outside of school hours. Dorothy Houston is chairman and Dorothy Potter vice-chairman.

An Ambulance Pillow Committee has been formed in the same grade, of which Frances Betz is chairman and Burton Kuntzner vice-chairman.

Another organization is the Piecing Committee of which Helene Buchanan has been made chairman and Madge Wilson vice-chairman. It will be their business to prepare pieces for the workers.

Margaret Brown has been made chairman of the Bootee and Hood Committee, Margaret Robinson being the vice-chairman.

VISITED LONG BEACH

Mrs. William Harvey, Jr., motored to Long Beach one day last week to have luncheon at Hotel Virginia with old school friends, all from Chicago except her sister, Mrs. Sellers of Pasadena. The list included Fanny Trego Montgomery, author of the "Billy Whiskers" series, Mesdames Washburn, Hyman and George Anderson. The ladies had a delightful visit together.

AMERICA IS RESPONDING TO APPEAL

RESULTS OF BOND SUBSCRIPTIONS MAY NOT BE MADE PUBLIC DAILY IF TREASURY PLANS ARE CARRIED OUT

(Special Service to Glendale Evening News)

WASHINGTON, April 8.—America has already responded with more than $250,000,000 to the government's appeal for liberty dollars.

Reports continue to pour into headquarters of oversubscriptions throughout the nation.

The public may be deprived of daily information as to the amount subscribed to the Third Liberty Loan, if Treasury officials' plans whereby returns are made public weekly are carried out. This will mean that the public will not know how much a state or a district has subscribed until several days after the end of the week.

A plan is also being considered which would result in the public being denied information regarding the campaign until the Federal Reserve Banks report officially.

Frank R. Wilson, Loan Publicity Director, has telegraphed the Federal Reserve Boards to secure affidavits from the local committees, banks and telegraph companies as to the exact time when the quotas are subscribed explaining that the competition for honor flags is so keen that often a few minutes decides to whom the flag is to be awarded.

BRITISH FRUSTRATE ENEMY ATTACKS

GERMAN ASSAULTS IN HANGARD WOOD ARE REPULSED WITH HEAVY LOSSES OF MEN AND MACHINE GUNS

(By William Philip Simms, United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN THE FIELD, April 8.—British guns pulverized German attempts to batter their positions south of Bucquoy and tore gaps in their line that compelled them to abandon further efforts.

The Germans made local attacks in Hangard wood—west of Demuin—but the British immediately counter attacked and retained most of the wood, capturing prisoners and machine guns and inflicting heavy casualties.

SITUATION ON THE WEST FRONT

BRITISH MILITARY ATTACHE AT WASHINGTON SAYS EACH DAY WILL SEE GERMANY FURTHER FROM GOAL

(Special Service to Glendale Evening News)

WASHINGTON, April 8.—"Each day that passes now finds the Allies in a better position to resist. Each day reserves from our army and that of the United States continue to the front."

This summary of the west front situation was given by Major General J. D. McLachlen, British Military Attache.

"Doubtless the Germans will make a further great offensive before acknowledging the failure of the 'great spring drive,' but it is safe to say that each day that passes will find the Allies in better positions."

GERMAN SOUTH FLANK ADVANCES

ENEMY SHIFTS MAIN ATTACK FROM MONTDIDIER AND ALBERT REGION, MAKING SLIGHT GAINS

(Special Service to Glendale Evening News)

LONDON, April 8.—Shifting the main attack from the region of Montdidier and Albert, the Germans have advanced a maximum depth on a five-mile front at the extreme southern flank of the line according to Berlin official reports.

They claim the capture of Folenbray and Pierremand, three miles northeast of Chauny. This is the first advance of any consequence in this region.

ENEMY THRUST BACK AT AMIENS

HAIG REPORTS BRITISH ADVANCE ALONG THE SOUTH BANK OF THE SOMME LAST NIGHT

(Special Service to Glendale Evening News)

LONDON, April 8.—British troops advanced their line slightly last night east of Vaire and south of Corbie along the south bank of the Somme, Field Marshal Haig reported today.

Indications are that the Germans were thrust back at least one mile in the drive on Amiens.

TWO KILLED IN WRECK

TRIPLE COLLISION NEAR AMSTERDAM, NEW YORK, RESULTS IN AT LEAST TWO DEATHS AND MANY INJURED

(Special Service to Glendale Evening News)

ALBANY, N. Y., April 8.—The engineer and fireman are believed to have been killed and forty pasengers injured when the Empire State express crashed into a derailed freight two miles west of Amsterdam. A relief train was rushed to the scene.

An eastbound train also collided with the wreck. It is not known if any on the eastbound train were injured.

ARMY LIFE OF BOYS

GILBERT A. COWAN WRITES OF ARMY LIFE CONDITIONS IN AERO SQUADRON

With the result of a world conflict now hanging in the balance in the fire and blood locked battlefields of France and Italy and when our American and Allied brothers are sacrificing themselves in No Man's Land, it is hard to assume a humorous mood and describe the trivial jovialities of army life on this side of the pond.

There's many a mother in Glendale who has a son "over there" and all of us have friends in Europe engaged in the struggle for democracy. They are withstanding the brand of hell for the sake of principles. And so will the boys in camp here, in turn, do their part in the Titanic struggle.

It is with a cheerful heart that a soldier boy writes home to let you know that, regardless of any adverse conditions of the world events, the morale of the aviation section soldiers is excellent. They are busy preparing themselves for the strenuous duties they will be called upon to perform when they reach the other side. They are training with such a good will and happy, clean minds that it behooves some one to tell it to the people at home.

In fact, it is home that buoys the boys to retain the lofty morale that could not be found in any similar organization in the history of the world. I don't mean to infer that the boys are taking their task as the fickle folly of adventure, but their clean and modern mode of life while in the service keeps them in such a mental state that they are 100 per cent efficient in comparison with their civil occupational abilities.

Were it possible that the layman of the country could live the life of ideal hours, food and health, that the soldier does, there is no question but what the United States would be the superior nation of the world. As a result of this moral and physical health, the mentality of the fellows with whom I am acquainted—and I can only presume that the same is true in all of the camps of the United States—is greater than that with which they entered the army.

It's about the happy life they lead I am going to write.

From reveille until taps it's one

(Continued on Page 2)

A DANGEROUS DRIVER

The city police have been asked to assist in locating an automobile which has been lost by a Glendale resident in a very unusual way. The owner was found on the streets of Glendale unconscious in an epileptic seizure Wednesday and taken to his home, where it was learned that he drove to Los Angeles in his automobile that morning. Further investigation showed that he had come home on a P. E. car and suffered the attack just after alighting. He has no recollection of what he did in Los Angeles or where he left his car, and neither the police of Los Angeles nor of this city can find any trace of it. The theory of the officers is that he had an epileptic seizure there, and that the car may have been stolen. He has a license to run a car, but it is very clear the license should be revoked, as it is altogether too dangerous to the public, not to speak of his own hazard, for a man in that physical condition to sit at the wheel of an automobile on our crowded thoroughfares.

THE COUNTRY STORE

The Country Store given by the Glendale Federation Parent-Teacher Associations at the High School on Saturday afternoon and evening was a success. That, all who were fortunate enough to attend freely admitted and much of this was due to the untiring efforts of Mrs. Opal Greenwalt who as vice-president has taken the place for the time being of President Mrs. Arthur Brown, who is convalescing after an illness. The various Parent-Teacher Associations showed their good will in the foods, jellies, etc., sent in by the members, all doing their bit to help this good work along.

The fine entertainment was decidedly enjoyed as it was made up from some of the best talent obtainable in Glendale and that is saying much. The "store" was the real thing and did a thriving business. The palm readers were kept busy and palmistry became quite the fad. Among those who so kindly gave their services were Mrs. Opal Greenwalt, Mrs. C. E. Lehman, Mrs. Andersson, Mrs. Charles Turck, Mrs. Houston, Mrs. Cash, Mrs. Myton, Mrs. Klimpke, Mrs. Heustis, Prof. C. D. Poore and Prof. Sawyer. Also many thanks should be given the artists who so kindly volunteered.

LIFE AT CAMP LEWIS

WILL RICHARDSON WRITES OF NEW ENTERPRISES AT AMERICAN LAKE

Extracts from letters written to Mrs. Ella W. Richardson by her son, who is a member of Company B, Military Police at Camp Lewis, tell of enormous investments being made by private enterprise just outside the camp. He says:

"Since we worked all last Saturday and Wednesday, they are giving us this afternoon off so I came over here to the new 'zone' with the many buildings which are being completed, and there will be a city here to satisfy all the wants of the soldier so that he won't have to go to Tacoma or Seattle unless he has friends there.

"At American Lake there is one of the largest dance halls and the est of music and dancing every night. At this park (Gen. Greene) they have spent about $2,000,000 grading and putting up these beautiful buildings right opposite the railroad from the camp. In one pool hall there are thirty pool and twenty billiard tables, the largest in the world, and this isn't large enough so they are putting up another of equal size. The barber shop I just came from has 25 chairs and they are putting up a duplicate of that.

"Mess buildings are built in the Swiss bungalow style and they are now working on a $500,000 hotel of 500 rooms which will be very pretty when finished.

"This is to be a permanent camp, but I think this construction company is investing too much money. They are certainly making this place as pretty as it can be made and with nothing cheap as one might expect. The theatre is also very pretty and a large one at that.

"At Camp Lewis there is more freedom given than at other camps, for an automobile can come in at 6 a. m. and up until 11 p. m. and so can civilians; at other camps the hours are 9 a. m. to 6 p. m.

"Yesterday at noon we dressed up in our suits and went out for a ride in our new saddles. Usually we go out with our overalls and overall coats and blue hat made out of overall material and when it rains wear a rain coat.

"Today is quite warm and much like a California day in the summer time, one of the first, for it was raining yesterday.

"On the grounds we have the big Liberty theatre seating close to 4000 for vaudeville, road shows and movies. Alongside is the public library of 20,000 volumes and the hostess house, the largest of the 16 camps. There are seven Y. M. C. A. buildings and I know of a new one going up, so we will be taken care of.

"In just a few minutes we go on Divisional Guard duty, something I have always managed to dodge up until now. At four o'clock we go on duty, two hours on and four off until tomorrow at 4 o'clock and now it is raining a little bit.

"Had my last shot in the arm yesterday so everything is O. K. and no more unless they lose my record.

"Last evening I went over to see Herman Barlet, who lives next to the G. A. R. hall and then to see Shirley Melrose and Lawrence Dutton."

OPEN MEETING

TUESDAY AFTERNOON CLUB INVITES PUBLIC TO HEAR POPULAR SPEAKERS

The Tuesday Afternoon Club invites the public to attend an open meeting of that body tomorrow at two-thirty p. m. at the Masonic Temple. As might be expected at this time, the program will be of a semi-patriotic nature. The first number will be a group of songs by Mrs. A. B. Rosencrans of Chicago, sister of Mrs. "Jack" Hearnshaw of 1458 Lomita avenue.

Mrs. Rosencrans possesses a magnetic personality as well as a cultivated voice of exceptionally rich quality. You will enjoy hearing her as well as Leslie Henry, a man of great eloquence and power as a speaker, and Mrs. E. B. Wierick, district chairman of industrial and social service, who will talk on "What This War Has Taught Us" and "Woman's Work in the War," in their respective order.

America will be sung in conclusion.

Come and bring your friends. No guest cards required.

Mrs. Cass Chapman of Chicago spent several days last week with her friend, Mrs. William Harvey, Jr. She is now in San Francisco but will again visit Mrs. Harvey on her way home.

GLENDALE, CALIFORNIA, MONDAY, APRIL 8, 1918

GIVEN HIGH OFFICE

(Continued from Page 1)

of California, Arizona, Utah, Nevada, and western Colorado, was president of the Southern California Conference, with headquarters in Los Angeles. Previous to that he was president of the British Union Conference, with headquarters near London. He is well known to Seventh-day Adventists on the Pacific Coast, and the church has made excellent progress during his administration in the West.

Although the delegates voted a few days ago to change the organization by eliminating all divisional conferences, including the North American Division Conference, yet the supervision of the work on this continent is provided for by the election of the vice-president of the General or World Conference. It is believed that the new plan will simplify the administrative machinery, making possible more effective work with less expense and effort.

In the administrative work in North America, Pastor Andross succeds Pastor I. H. Evans, whom the delegates have elected vice-president for the Asiatic Division, with headquarters in Shanghai. The Asiatic field, which formerly included China, Japan, Korea, India, Australia, and the South Sea Islands, was divided territorially by the delegates, and Pastor J. E. Fulton elected vice-president of the world field, in charge of Australia, India, Malaysia, and the Polynesian Islands.

Pastor Arthur G. Daniells, who has served the denomination efficiently as its president since 1901, was re-elected yesterday to that position by unanimous vote of the large delegation. The delegates made it clear by their hearty endorsement of him that there is no division of sentiment as to who should stand at the head of this people.

Pastor William A. Spicer, secretary of the World Conference, was also re-elected, as was Pastor W. T. Knox, treasurer for the world field. Mr. Knox is well known on the Pacific Coast, having been president of the California Conference before going East. Others elected were: Mr. N. Z. Town, Washington, D. C., executive secretary of the publishing department of the denomination; Prof. M. E. Kern, executive secretary of the young people's department; Mrs. L. Flora Plummer, executive secretary of the Sabbath-school department; Miss E. M. Graham, executive secretary of the home missionary department, Pastor O. Montgomery, vice-president in charge of South America.

MINISTERIAL MILITANCY

Not long ago, in the columns of the News, I called attention to the rather strange but delightful phenomenon of Bishop Leonard and Bishop Cantwell, in unusual fellowship growing out of oneness of faith in regard to war events, and suggested that these worthy leaders of mighty hosts might for the time being swap sermons, and pulpits too, for that matter (and why not?), as the burden of the discourses of each were so surcharged with the spirit of loyalty to God and our country that save for a little accent in language the sentiment was all off the same piece.

And now comes Cardinal Gibbons and W. H. Taft arm in arm down "Union Street" while the Cardinal pats William on his ample back and endorses the good work in which he knows William to be engaged in wholesale, as follows:

"I do not hesitate to recommend to the clergy of the Catholic church active participation not only in the convention, but in the work of the League to Enforce Peace, which under your leadership has developed such a sane program accompanied by such high aims."

Such indorsement, from such a source, at this time should result in a mighty drive for the "Peace League" so successfully managed by Ex-President Taft. S. P.

ARMY LIFE OF BOYS

(Continued from Page 1)

round of friendly foolishness in the spare moments of the soldier's life. When he works, he works at his utmost. When he rests, he makes the most of it and enjoys everything possible. The squadron piano is an almost constant source of enjoyment and with a professional ragtime artist to tickle the ivories there's music in the air. The most popular songs are those about home, such as, "I Love You, California," and others with the phrasing such as "When the Sun Goes Down in Dixie," "I'm Going Back Again, to Michigan," "Back Home in Indiana" and "In My Home in Tennessee." Mixed into this melange "Over There" and the rest of the patriotic melodies are floating all over the camp wherever a detail of "Samsons" are working.

April Fool's Day gives all promise of being one of the big events in the camp. Already some of the pranks have started. One of the boys who works in the camp canteen came in after "lights out" the other night and sat through his bed, many thanks to his bunkmate friends who had removed the springs. Today he tried to square things by dosing the perpetrators with talcum powder. And so it goes.

In the way of entertainments, the Y. M. C. A. furnishes an outlet for the talent of the camp in the squadron stunt nights. One of the best performances recently was featured by xylophone duets, the instruments being made of pick and shovel handles. A large number of professional musicians are in the aviation branch of the service and one little fellow from Tennessee was repeatedly encored for his syncopated songs, which he composed, at a squadron entertainment.

The negro workmen about the camp give impromptu minstrel entertainments around the barracks and jazz bands hold forth nightly in the mess halls. One other chief divertissement in a soldier's life is letter writing and letter receiving. That's where the home folks can do their part in writing to their friends in the army. A letter or even a newspaper from the home folks is one essential element to a perfect day. Outside of passes home for ten days, nothing can bring so much happiness to a fellow in O. D.'s as a communication from the loved ones at home for whom he is fighting.

There are many things in army life that would interest the public, but they can't be told for very obvious military reasons. It is interesting for those who are backing us up at home to know that Uncle Sam is whipping one of the highest class organizations into shape that could be wished for. And the aviation section is going to do its part in whipping the Kaiser.

It is wonderful, the loyalty shown by the men towards their superiors. It so happens the squadron in which I was supplied several squadrons with men to fill the ranks of all. In the melee, I landed with headquarters company and am now keeping a typewriter clicking in the office of the camp. The parting of 100 men from the squadron to other organizations in the field was most affecting.

To see a Commanding Officer stand before his men and bid them good-bye is something I had never been privileged to witness until the other day. The fellows he had fathered from "rookies" to privates and non-coms were lost to him and his "crack organization. It is a splendid sight although it is marked with a pathos that is almost pitiful. There's faith for me in humanity where sympathy exists.

In return to the parting remarks of the Lieutenant in command, the "Chicago Kid," chairman of the squadron athletic committee, told him how much the outgoing men would appreciate the opportunity to return to the squadron. With a trembling voice and tear-stained eyes that fighting newsy from the Windy City made every member of the organization present yearn to be in the fold. Even Arizona Pete, the duty sergeant, went sniffling out of the squad room, for he had lost some of his best workmen.

It's this spirit of loyalty that counts in the American army. The boys fall out in the morning in the happiest mood and the great majority of the fellows are doing their bit in such a way that they should be the heroes of their homes. The same is true of those in the navy whom I see on pass in the near-by port. Clean, happy, healthy, and discontented only in that they wish the Kaiser dead and his military machine crushed, the American boys are planning to win this war in short order unless their allied brothers ring down the curtain in the grand finale of the present clash.

With the wish that the Liberty Bond drive at home will be an unprecedented success, and that the Red Cross and other war activities may continue unabated until it's all over over there, I will close with the sincerest regards to my many friends at home who are doing their "bit" by keeping the lines of communication open and supplies rushed to the front.

Lieutenant Walter H. Parker, son of Ezra Parker of Glendale, is among the officers here. Captain Eckman, a Glendale resident in peace times, is another officer in the Aviation Section in an overseas squadron. However, all personal details are lost in the big business of war.

GILBERT A. COWAN.

PLANT AND FLOWER SALE

The plant department instituted by the Garden Society as its "bit" towards the Red Cross, is finding favor with the public. Every Friday is the "big day," when plants, cut flowers, bulbs, etc., are sold in quantities. But the floral window is always full of flowers and plants to be sold every day in the week. Yesterday young plants of lettuce and kale were among the vegetable stock; rooted plants of Dorothy Perkins rose, variegated vinca, plumbago, golden glow, etc., were also featured. Prices are remarkably low and quality is remarkably high. People desiring any kind of plant or flower are asked to enquire for same at the Red Cross Shop, next door to Postoffice, and to leave orders. If at all possible, the orders will be filled.

At present the management of the plant department is ready to fill orders for plants of blackberry, honeysuckle, squash, cucumber, kale, lettuce, variegated vinca (myrtle), vitadena (running daisy), oxalis, marigold, Johnny-jump-up, Dorothy Perkins rose, and papyrus. Any friends able to donate tomato plants, rooted first class pink and white verbenas, and small rose plants, are invited to communicate at once with Glendale 394 or 386-W, for orders have been received for these things, and every order filled means more money for the Red Cross.

Hanging baskets would find a ready sale. Perhaps somebody has a hanging basket knocking about. Put a few nails in it, give it another coat of paint, and send it in to the plant department. The Garden Society will fill it with ferns and sell it to some one. Don't fail to pay a visit to us, next door to Postoffice.

Volunteers Wanted

Wanted—two or three ladies fond of flowers to give one morning each week, 9 to 11 o'clock to the plant department in the Red Cross Shop, to rearrange the floral window, water the plants, and make things look pretty. Volunteers wanted for Wednesday, Thursday and Saturday mornings. Phone Glendale 394.

HER CROWN

Mrs. W. F. Richardson of 611 W. Broadway, this city, is a native of Ohio and was born in the small town of Hiram, Portage County. It was also the birthplace of Lucretia Garfield who, as the wife of President Garfield was for a few months the "first lady" in the United States of America. Hiram was the town in which she grew to womanhood, where she met James A. Garfield for the first time, where she was married and where the twain made their home for nearly twenty years. Mrs. Richardson has received and brought to this office a local paper from Ohio which describes a service held there in memory of Lucretia Garfield. To illustrate her character, the speaker who made the leading address quoted from a letter she wrote to her husband in the summer of 1870, as follows:

"I am glad to tell that out of the toil and disappointments of the summer just ended, I have risen up to a victory; that the silence of thought since you have been away has won for my spirit a triumph. I read something like this the other day: 'There is no healthy thought without labor and thought makes the labor happy.' Perhaps this is the way I have been able to climb up higher. It came to me one morning when I was making bread. I said to myself: 'Here I am compelled by an inevitable necessity to make our bread this summer. Why not consider it a pleasant occupation and make it so by trying to see what perfect bread I can make?' It seemed like an inspiration and the whole of life grew brighter. The very sunshine seemed flowing down through my spirit into the white loaves; and now I believe my table is furnished with better bread than ever before—and this truth, old as creation, seems just now to have become fully mine, that I need not be the shirking slave to toil but its regal master, making whatever I do yield me its best fruits. You have been king of your work so long that maybe you will laugh at me for having lived so long without my crown, but I am too glad to have found it at all to be entirely disconcerted even by your merriment."

JAPANESE RAISE RATES

THE JAPANESE LABOR STATION announces that owing to the increasing cost of living they will advance their rates to 40 cents an hour; $1.50 for half a day and $2.75 for all day. These are the same rates that prevail in Los Angeles and Hollywood. 173t24*

They get $30 a month and give their lives as well.

Personals

Round Table Girls will meet at the home of Gladys Hamilton Wednesday night.

Mrs. George N. Pierce spent Sunday in San Diego with her husband who is with the 144th Grizzlies.

Mrs. James McKelvie entertained the Lucky Thirteen at a 6:30 dinner last Saturday evening. She was assisted by Miss Evelyn Kent.

The Thimble Club, social organization of the Woman's Relief Corps, will meet Tuesday at the home of Mrs. Pollock, 519 West Park avenue.

Mrs. Willard of Madison court and Mrs. George Anderson returned Saturday from a two weeks' outing at La Jolla, and while there visited Camp Kearny.

Dr. Jason Morse, brother of Mrs. Charles A. Barker of Glendale avenue, has returned to his old home in Pontiac, Michigan, and will be gone for several months.

Robert Taylor of Palmer avenue has been very ill and for several days was at the point of death from intestinal trouble. He is improving and is now able to sit up.

Mrs. Jessica Hazard is still busy with work for the government and will not be able to visit Glendale this week Tuesday as she had hoped to do. A notice will be published in this paper when she can come.

Mr. and Mrs. H. M. Rogers arrived yesterday from Chicago with the expectation of making their permanent home in Southern California and probably locating in Glendale. Mr. Rogers is connected with the Cudahy Packing Company. Mrs. Rogers is a sister of Mrs. Stephen Packer.

J. Clarence Klamm, optician and jeweler, at 616 West Broadway, closed his store Saturday and retired from business. Mr. Klamm is on the registration list in Class 1 and expects to be called in the near future. For that reason he has found it expedient to wind up his business affairs.

The Glendale C. E. is planning to organize two Bible classes, one in Glendale and one in Eagle Rock, in response to requests for such classes. Jas. M. Gray's Synthetic Bible Study is the book to be used and it promises to be most interesting, for he gives a bird's-eye view of the whole Bible.

Mrs. Charles Grist and daughter Aileen visited Dead Man's Island Sunday and George Grist came home for the day. He was permitted by his superior officer to remain over night and Monday to assist his father in the election campaign. George declares it seemed pretty nice to sleep in his own bed again and get up to a home breakfast.

Mrs. W. F. Nash reports that her son, W. F. Nash, Jr., is still in Philadelphia awaiting orders. He is in the Supply Department of the U. S. N. R. for submarine chasers and submarine patrol boats. He has written of one of the Holland ships commandeered by our government which is alongside the vessel on which he is stationed, which will have to be thoroughly renovated before it can be used. He describes it as full of "dirt, chickens and of pigs which have the run of the ship."

Mrs. George Adams of 1450 Ivy street, Miss Button, Rev. and Mrs. Marsh and Mrs. Williams go to San Bernardino Tuesday as delegates of the Glendale Congregational church to the 28th annual convention of the Southern California Women's Home Missionary Union. It will convene for two days, the 9th and 10th, and an excellent program has been provided. Important features will be two addresses by Mrs. Ida B. Woodbury and music by the Jubilee Singers of Fisk University.

CARD PARTY

Mr. and Mrs. John Robert White of 101 Orange street will be host and hostess at a card party which will be given at their home Friday afternoon and evening, April 12th. It will be a benefit for the Surgical Dressings Department of the Glendale Red Cross and tickets will be sold at 25c each. It is certain to be a delightful function and the cause for which it is given gives it an additional appeal to the patriotic. Money is greatly needed for this important work, the terrible battle which is going on in France is making a tremendous draft on supplies already sent forward and women need to work and work hard to keep up with the demand.

DINNER PARTY

Mr. and Mrs. Hearn Robinson of South Brand boulevard entertained at an elaborate "high noon" dinner a few days ago, the guest list including Mr. and Mrs. G. E. Alexander, Mr. and Mrs. W. F. Miller, Mrs. R. L. Milligan, Doris Alexander, C. V. Robinson, G. E. and Lester Lee Alexander, and Baby Teddy Robinson. Calla lilies and roses were used in decoration and the table was beautiful in all its appointments.

HORSESHOE CLUB NOTES

Last Saturday there appeared over the mountains on the east several caravans (automobiles) loaded with a goodly number of horseshoe-pitching artists and others. They came from the great orange belt out of the good city of Pomona and came for the avowed and deliberate purpose of taking the home club's goat. Well, did they do so? Not this time. Billy will still eat old cans, rubber boots, etc., around the home grounds.

While the victory for the home team was complete and a good one, it was a beautiful game and a close fight between several of the teams. Also there was some fine playing by individuals of both clubs. Irwin took first honors for Pomona, scoring 75 ringers, Scott second with 64, Smith third with 60. Bruce was high score for Glendale, scoring 83 ringers, Elmore second, having 70, Head third with 68, Stuart 4th, pitching 65, and Glen Porter 5th with a credit of 64.

The following named gentlemen made up Pomona's playing team: Smith, Irwin, Spencer, Nieswander, Scott, Edinger, Murphy, Hixon, Neilson and Tisnal. Scorekeepers, Wiedman, Sawyer, Orr Peck and Avery.

The line-up of teams and game in detail were as follows:

Team 1

Glendale—Glen Porter and Stuart.
Pomona—Smith and Irwin.

	Games	Points	Ringers
Glendale	5	169	129
Pomona	5	170	135

Team 2

Glendale—Gould and Porter.
Pomona—Spencer and Niswander.

	Games	Points	Ringers
Glendale	5	188	100
Pomona	5	170	86

Team 3

Glendale—Head and Bruce.
Pomona—Scott and Edinger.

	Games	Points	Ringers
Glendale	9	219	151
Pomona	1	123	114

Team 4

Glendale—Elmore and Pettit.
Pomona—Murphy and Hixon.

	Games	Points	Ringers
Glendale	7	210	126
Pomona	3	142	99

Team 5

Glendale—Peet and Burns.
Pomona—Neilson and Tisenat.

	Games	Points	Ringers
Glendale	7	193	96
Pomona	3	118	73

Out of 50 games played Glendale won 33, made 907 points and scored 602 ringers. Pomona won 17 games, made 723 points and scored 507 ringers.

These clubs have now played four games, breaking even, winning two each. Glendale to date has played eighteen match games, winning seven from Pasadena, three from Long Beach and two from Pomona. There will be a game on the home grounds by home players, Home Guards vs. Regulars. Spens, Robinson, Captain of Home Guards, G. L. Head, Captain of Regulars. NICOLES.

HE GOT HER GOAT

The "he" in this case is a bull dog, whether an alien enemy of the German variety has not yet been determined, but he is the property of a Glendale woman. Mrs. Morgan of 1610 West Fifth street owns two goats who have been doing their bit in food production by yielding excellent amounts of milk. Since the rains improved the pasturage Mrs. Morgan has been staking them on a vacant lot near her home. The bulldog referred to, which has a licensed right to life, liberty and the pursuit of happiness in the town of Glendale by virtue of a metal tag secured at the city hall, visited the goats, who were quietly and industriously transforming green feed into pearly white milk, and without provocation attacked them and viciously chewed one so badly that it was put out of commission as a milk producer for a week or more. When appealed to by Mrs. Morgan, the police officers ordered the dog kept at home and all went well for a time, but yesterday the Hun broke loose again and made a second raid on the goats, which could probably defend themselves if at liberty. The police officer who hurried to the scene in response to the call of Mrs. Morgan but could find neither the dog nor his owner.

It appears that the dog ordinance of Glendale recognizes as vicious a dog which has bitten a person, but there is no protection for goats. The police department can only order the dog off the streets and recommend civil action to Mrs. Morgan.

WHITE RATS FOR SALE

Kathleen Woods has some lovely white rats, almost two months old, just as cute as can be. She will sell them at fifteen cents apiece, for the Red Cross. A pair can be seen Monday in the plant department of the Red Cross Shop, or phone Glendale 394, or call 1222 Milford street.

There is more reason to support a republic than a despotism.

CALL FOR 29 MEN

EXEMPTION BOARD IS SUMMONING FIFTY TO INSURE GETTING FULL QUOTA

The local Exemption Board has received orders from Washington for another call which have been transmitted through Adjutant General Borree at Sacramento by telegram. The dispatch reads.

"The Provost Marshal General has issued Call No. 149 as follows: During the fifteen-day period beginning April 26th you will complete entrainment for Camp Lewis of 29 men who must be white men and physically qualified for general military service. These men should be inducted out of Class 1 in sequence of order numbers except that the provisions regarding the delaying of mobilization of men engaged in agriculture as outlined in Call 84 will be again followed. Schedules for this movement will be sent to you as soon as received from the American Railway Association."

Fifty cards of notification will be sent out today by the Exemption Board to insure getting its quota of 29. Most of the men will bear numbers above 643, but the list will also include all the men below that number who have been called previously and who for one reason or another were granted an extension of time.

According to the records of the local office there are 148 Class 1 men listed with the local board immediately available for service and 39 men with remedial defects. As the disabilities of the men last mentioned can be corrected in camp, it is expected that they will be called if their numbers fall within the fifty to be summoned by the Board.

Undoubtedly some of the men who will be notified are engaged in agricultural work and will be exempted on that account.

WINS HIS SPURS

Mr. and Mrs. F. R. Liddell, 234 North Kenwood, after getting a very brief telegram, have received a follow-up letter from their son Frank Liddell, who was sent from Camp Kearny about four weeks ago to New York City for training at Columbia University to fit him for an officer's appointment. He reports that he passed his examinations with an average of 90 per cent in all subjects and has received his commission as lieutenant, that he and seven others who took the examination will go to Madison Barracks in Northern New York to get his equipment, but he does not yet know where he will be sent from there. Part of the men expect to be sent west, others will cross the water to France. As soon as his orders come, he will advise his parents by wire or letter. He is in the Aviation Movie Photographic Service of the U. S. Regular Army. It will be remembered that he had been employed at the Lasky Studio for three years before he enlisted, so the work he will be called upon to do will be in line with his previous experience. He spent Easter in New York City and reports that the men and women he saw on the avenues certainly looked swell. He says he is well and having a good time, adding, however: "It is hard to be away from home, but the army will surely make men of us." The subjects in which he was examined included science and mathematics and he had to work very hard in the few weeks allowed for preparation. He and his soldier associates also had to take training three nights a week in the University gymnasium.

TROPICO PRESBYTERIAN

Members of the Ladies' Aid of the Tropico Presbyterian Church received an invitation from the Ladies' Aid of the Cypress Park Presbyterian Church of Los Angeles to attend their regular meeting this week Thursday. A delegation of eight or ten ladies from the society will accept the invitation.

The regular monthly meeting of the Ladies' Aid Society will meet Thursday, April 11th, at the church. In addition to regular work the ladies will sew for a Los Angeles Maternity Hospital.

Mrs. Merritt Ludden and Mrs. S. E. Brown, president and secretary of the Woman's Missionary Society, last Friday attended a conference of presidents and secretaries of missionary societies at Immanuel Presbyterian church in Los Angeles, where work for the coming year was planned and instructions given.

GAS RATE INVESTIGATIONS

In connection with an investigation of property values and of the rates charged by the Southern Counties Gas Company in Monrovia and neighboring cities which is being made for the purpose of laying facts and figures before the State Railroad Commission, Engineer F. D. Howell has been retained by the cities interested to investigate the local holdings of the Gas Company and arrive at a conclusion as to a fair valuation of the property. Monrovia will pay Mr. Howell $540 for its share of the work and other municipalities proportionate amounts.

DO YOUR DUTY-NOW

Do you suppose Abraham Lincoln, if he were alive today, would buy a Liberty Bond?

Do you know that the German people, with all that they have suffered, oversubscribed the heavy popular loan to their infamous Government recently? And that Government is the one we must break.

Do you think that the wealth of this Nation, which is incalculable, inconceivable, indescribable even in billions, is sound security for the loan of a few more of your dollars?

Do you understand that your Government must have the amount it asks for, and while there is no need for threats at this time, and there probably never will be, the Government gets what it must, as it did in the case of men when the volunteer system proved inadequate?

Do you realize that he who lends to Uncle Sam gives manyfold to himself, and that his interest is paid in dollars, in safety, in honor, in victory, in life itself?

Do you doubt that the Stars and Stripes are worth a few greenbacks to you?

Do you want, in the ultimate hour of America's monumental triumph, when she has restored peace to the universe and freedom to all peoples, to say to yourself, "I did nothing to help all this"?

Do you hope for the achievement of your country's aims and promises, ideals and pledges, yet hoard a few beggarly dollars at the same time?

Do you quite digest the ofttold proposition that, if we win, your Liberty Bonds are worth par and interest; if we lose—heaven forbid—the money you withhold from the public purse for that purpose is no better lien against your Government than the bonds themselves?

Do you dare to look your Liberty Bond buying neighbor in the face when you, yourself, have welched the sacred obligations that you automatically assumed every time you enjoyed the protection of the Stars and Stripes since birth or adoption here?

Do you value a cold dollar more than the hot thrill of having done a citizen's full duty; struck a blow against abysmal tyranny; backed the lads who are fighting for you; saluted Old Glory and kicked the Kaiser?

Do you still look a fat bank balance in the countenance when every true American is ready to strip himself for the world's salvation on earth?

Do you experience any emotion when the "Star-Spangled Banner" is played and can possession of a few hidden currency notes give you the same grand sizzle of pride, love, courage, hope, and exaltation?

Do you, then, your duty!

Buy another Liberty Bond and swell your American chest—you have helped make world history; you have helped make world humanity; you have helped make world glory for a glorious world saved from butchery and kultur.

THIRD UNITED STATES
LIBERTY LOAN COMMITTEE
